

Participation in lunch - secondary schools

Dear students and parents,

All students are welcome to eat lunch in the school canteen

How much is the food?

You will be informed about the price at the school. You need to transfer the cost each month in advance to the Mensa operator's bank account.

How is lunch paid for?

You don't need to have cash. You can pay with a card. But you can also pay with cash, although the price for lunch will then probably be more expensive.

Where can you get a card?

You get the "MIAjunior Ticket" on the first day of school from the school. The "OldenburgCard" is also available at the school. Exception: If you receive benefits from the education and participation package (BuT) you will receive the "OldenburgCard" from the Amt für Teilhabe und Soziales or the Jobcenter.

Important! Topping up the card:

You must top it up with credit immediately. Only then can you use the card to eat in the canteen. You will receive a letter with information about how this works.

It is important that there is always enough money on the card when attending lunch.

What if you forget the card? What if the card is not topped up?

In this case, lunch can only be paid for with cash. However, the price will then probably be more expensive.

Discount with the "education and participation package (BuT)

If you receive benefits from the Education and Participation Package (BuT), you do **not** have to pay for lunch. For this you must always bring your card ("MIAjunior-Ticket" or "OldenburgCard") to the cafeteria.

Drinks and snacks in the canteen:

You can also buy drinks and snacks during break times. These can be paid for with cash. At many schools you can also pay with your card.

Service via the Internet: "MensaMax"

The internet program "MensaMax" is used in the city of Oldenburg. You can use this to pre-order lunch and to view your credit balance. You must log in with your user name on a computer with Internet access. You will receive a letter with the access information from the school.
